Student-Mother Panel Discuss Generation Gap

By Be erly McAnally

ROMULUS--The "Generation Gap" about which adults tend to worry and children seem to point with pride, was the topic of a group discussion at the Romulus Senior High School, Nov. 21.

A panel of six mothers met with Michael Zaher's ninth grade Social Living class to discuss the problems and differing ideals that are supposed to separate the two groups.

Mrs. Stanley Martin, Mrs. James Petre, Mrs. Gilbert Baker, Mrs. Harold Hatcher, Mrs. Verdell Clark and Mrs. Earl McAnally answered questions and voiced their opinions about questions raised by the class.

ONE OF the first questions posed by the young people concerned the age a girl should be before being allowed to date. This was also the area of greatest disagreement between the groups.

The mothers thought that dating should start at 16

years or more, depending upon the maturity of the individuals. The class felt the age should be younger the hours that they might stay out should be later than those acceptable to the mothers group.

Subsequent questions dealt with the practicality of continuing the national space program while human suffering was common on earth; the Vietnam War, long hair for boys, sex education, and whether or not one should judge another person by his or her appearance.

THE CLASS had completed a survey from concerning the so-called Generation Gap and 13 students had returned surveys completed by their parents.

The mothers who attended the discussion also completed the survey which was designed to measure the differences between the attitudes of the parents and their children. It also indicated the degree of conservatism or liberalism possessed by the respondents.

A possible score of 100 would indicate an extreme conservative attitude while a score of 20 would indicate an equally liberal attitude.

THE AVERAGE score of the 13 students who returned surveys was 74, the twenty-six parents who recorded their opinions scored 81, the mothers who attended the discussion averaged 54. All questionnaires were anonymous.

According to Zaher, the students enjoyed the exchange of ideas and had expressed a wish that the time might have been extended to two hours or that they might meet again to further explore their differences or likenesses.

A SPOKESMAN for the mothers group said they would welcome another opportunity to meet. She further observed that the generation gap seemed a lot like the one she had observed when she was 15 years of age.

District Judge Prepares Brochure on Court Rights

ROMULUS--"Your Rights Before This Court" is the title of an interesting brochure prepared by District Court Judge James B. Stone of the 34th District Court.

The booklet, available at the District Court, contains details on Court Procedure, and what happens to persons who plead guilty to offenses on which they are charged as well as what happens when persons plead not guilty.

Rules on Behaviour in the Court are also listed and reveal some interested points that are not always known by those who must appear in court for the very first time.

JUDGE STONE states in the brochure that "The 34th District Court resolutely endeavors to give you the benefit of your legal rights, and hopes you understand

that Court Rules and Court Procedure are for the best interest of all the people." And he adds: "In the event you appear before the court as a traffic law violator, you appear on the criminal rather than the civil side of the Court. For this reason the rights outlined apply directly to you.

Because of the ever increasing traffic accident fatalities and injuries, all departments of Government involved are increasing efforts to improve highway engineering, traffic safety education and effective enforcement.

THE COURT has its part to perform in meeting the challenge of this serious traffic problem. Violators must be punished. The fundamental

purpose of public punishment is to deter the commission of offenses against the public (Continued on Page 3-A)

COST \$3 MILLION

Motel Slated For Township

ROMULUS--A new \$3,000,000 four-story motel and related facilities is slated for construction in Romulus Township, Joseph B. Gallagher, manager of Romulus Township Building Department, disclosed.

Plans calling for the construction of the new motel containing 251 rooms

and a Cocktail lounge and Dining Room were filed by Ramada Inn Corporation of Phoenix, Arizona, owners and operators of a chain of motels and dining rooms located throughout the country.

The project is to be built when a building permit is approved on a 10-acre land (Continued on Page 3)

NO TAX BOOST

New County Budget

Wayne County's new fiscal year started Dec. 1 with a \$164.7 million budget which provides improved public services in health, law enforcement and justice.

The top priority set by the County Board of Supervisors in the budget is strengthening of programs at Wayne County Juvenile Court.

Wayne County General

Hospital's budget has been increased by \$1,035,202 to \$32,331,755 providing personnel and expanding facilities for caring for children and out-patients.

PERSONNEL WILL be added at Circuit Court, Detroit Recorder's Court, (which is financed partly by the County), the County Jail and the Prosecuting Attorney's office.

This year's County budget

is \$20.5 million higher than that of the fiscal year which ended Nov. 30.

However, the County tax rate remains the same.

The increased outlays will be financed by higher property tax revenues resulting from new construction and rising property values, and by more revenues from other sources, mainly the State and Federal governments.

Four Named In Warrants In Little League Candy Sale

ROMULUS--Criminal warrants charging four persons with Larceny by Conversion in the non-return of monies collected in this year's Candy Sale held under the sponsorship of the Romulus Little League Baseball Committee, have been issued.

Named in warrants signed by District Court Judge James B. Stone of the 34th District Court, Romulus, were:

30730 Dorset, Romulus. James Grizzle, 26, of 6675 Gloria, Wayne. Ken Ramey, 26, of 6687 Gloria, Wayne.

THE WARRANTS were recommended by Assistant Wayne County Prosecutor Jesse B. Eggleton, in charge of the out-county office of the Wayne County Prosecutor's office.

The charges following an investigation made by Police Chief Jacob J. Koch. Robert J. Walicki, president of the Little League Baseball Committee made the

complaint to police after some \$1,500 in monies had not been returned to the Little League offices.

THE CANDY SALE was held in June, 1969.

The proceeds of the annual sale go toward the expansion of the baseball program and related activities of the Romulus Little League Baseball, Walicki reported.

The first of the four accused persons was arraigned Monday before Judge Stone. He pleaded not guilty and will have an examination on

Dec. 17. He is Walter Worden charged with larceny by conversion of \$237. He was released on a personal bond.

Others accused are scheduled for arraignment later in the week.

Police reported that others were under investigation. Some have made return of collected funds, it was stated.

The amounts involved according to police are: Brown, \$132; Worden, \$237; Grizzle, \$245; and Ramey, \$366.

School Board Considers Big Building Bond Issue

Approximate Cost Over \$10 Million Proposed Bond Issue for Financing is Record High

BY HENRY CANTIN
ANP Staff Writer

ROMULUS--A proposed 1970 School Building Program for Romulus Community School District having a total approximate cost in excess of \$10 million was presented to the school district's Board of Education at a special meeting held Nov. 24.

Robert L. McConeghy, school superintendent, upon request, submitted and recommended various proposed building projects necessary to meet the future student needs of the school system.

After considerable discussion, the School Board postponed official action until its regular scheduled meeting to be held on Dec. 8.

DR. CHARLES WELLS, building planning consultant for the Wayne County Intermediate School District, was present during the presentation and discussion of the building program.

McConeghy pointed out that the proposed bond issue to finance this construction is the "biggest ever proposed in the history of the School District," and is due to the tremendous boost in building costs.

He added that the proposed projects have varying completion dates, and even if the voters approved the required bond issue for this building program, not all of the bond issue would have to be sold during 1970-71 school year, but spread over two to three years following approval.

Millage Proposition would depend on the millage rate required to pay off that portion of the bond issue sold.

THE ADMINISTRATIVE staff is presently working out the specifics on this point for the School Board, McConeghy stated.

Nine mills of the present school millage of 26.6 mills per \$1,000 of assessed property valuation, state equalized, for school operations expires with the 1969 tax collection. A renewal will be requested.

A spring election for the bond issue and millage renewal by the voters of the school district was suggested by McConeghy.

This would be in addition to the statutory school election, held in June of each year.

Projects considered and discussed before the School Board are as follows:

New 20-room Elementary School, Completion date, 1971. Approximate Cost, \$1,560,000.

New 20-room Elementary School, Completion date, 1973. Approximate Cost, \$1,800,000.

New 39 Teaching Station, 130,000 square feet Junior High School, Completion date, 1972. Approximate Cost, \$5,551,000.

New 7-room Addition to Beverly School, Completion date, 1971. Approximate Cost, \$619,500.

New 5-room Addition to Harrison School, Completion date, 1971. Approximate

THANKSGIVING

November shouts and all the world
Bids us to thankful be,
For the golden, harvest beauty
That is here to see.

Here to see and here to use,
The richness of our land,
Nuts and berries and wonderful fruits,
From the Master's hand.
Gather round the festive board,
And our voices raise,
Lift our eyes, our thoughts, our hearts,
In gratitude and praise.

It should be obvious to you, that there is no worthwhile future for the individual who persists in getting out of step with the rules and laws adopted by the public for the guidance of our citizens.

Students Gain Experience For Business

By Stephanie Sherer
Co-op Student

ROMULUS—The business world is full of exciting and interesting experiences for everyone.

The doors of opportunity open wide for every young person willing to enter them after graduation.

Upon entering the business world, they find friendly people, new experiences, and a new day that is always different from the day before. It offers them an opportunity to meet the public and work at a variety of different jobs. The chances of promotion are very high.

IT IS also a world of fast pace, always growing. The people in business are polite, well-groomed, poised, alert, and confident.

They are always willing to please others. Anyone entering business must always be on his toes, constantly moving with his business.

Graduates face many problems concerning jobs and their future.

Many are nervous at job interviews and uncertain of how to handle them. It is hard for them to find a job because they are inexperienced.

THIS IS where the Co-operative Education Program assists them in becoming prepared for business. Co-op gives high school students the opportunity to gain experience with on-the-job training.

Co-op is a job offered in many schools that concentrates on appointing jobs to students who qualify for the program.

Miss Barbara Cornell is the job coordinator at Romulus High School and together with the employers in this area she helps train the students for the business

world. This gives the students an opportunity to gain the experience and confidence necessary to prepare for their future in business.

IN THE spring of each year, junior boys and girls fill out an application for Co-op. In order to qualify, a student must be conscientious in his school work and be interested in pursuing a business career in business preparatory classes such as typing and shorthand.

Miss Cornell decides which students qualify for the program. Eligible students are then interviewed by Miss Cornell.

Interviews are set up for the students with several different businesses. It offers the students as well as the employers a choice in selecting the job and employee.

Usually by the end of their junior year each student

knows where he will start working in September.

A STUDENT receives two credits for participating in Co-op. He works a minimum of 15 hours a week, two of which are during school hours.

Co-op is an extension of the classroom into business. The students not only learn from their own experiences but by the fellow Co-op students as each student is enrolled in a Co-op related training class where Miss Cornell teaches the students about business, and the students learn from each other about different situations in an office.

The advantages to this program are very obvious in that the student learns how a business is managed, obtains experience, and has an opportunity to be asked by his employer to remain with the business after graduation.

Story of The Christmas Seal

Wayne County residents, by now, have received the 1969 Christmas Seals.

There is a long history behind the Christmas Seals that are used to raise funds for the operation of the Tuberculosis and Health Society, Wayne County's Christmas Seal agency.

It was 65 years ago that the first Christmas Seal was conceived. It originated in Denmark where a post office worker thought contributions to the Seals would raise money for poor children sick with tuberculosis.

In the United States, during those days, tuberculosis was known as the "White Plague." It was very difficult to get anti-tuberculosis dollars because the public felt it was a hopeless disease.

A FEW DOCTORS, led by Dr. Edward Livingston Trudeau, a pioneer in the

fight against TB, were treating several charity patients in an open-air shack near Wilmington, Delaware.

Results from the fresh-air treatment were encouraging but financial support had ceased. Rather than send their patients home, one of the doctors turned to his cousin, Emily Bissell, a fellow health worker who felt tuberculosis could be cured, and asked her to help raise more money. She remembered a magazine article about the Christmas Seal of Denmark and in 1907 she designed and sold the first Christmas Seal in the U.S.

The profit, a total of \$3,000, was used to support a little tuberculosis hospital in Delaware.

EVER SINCE, the Seals have been fighting for the prevention and eradication of tuberculosis, still the nation's number one infectious disease killer.

This year the colorful

Seals show a dozen happy, healthy children dancing around a Christmas tree. The designer, Miss Bernice Kochan, a resident of Cleveland, Ohio, is a commercial artist. She competed against other artists in "A Call for Artists" contest where her Seals were chosen.

THIS YEAR, as in more recent years, the Christmas Seals also stand for the fight against other respiratory diseases as well as their causes. Emphysema and chronic bronchitis, for instance, accounted for 1,359 deaths in Michigan in 1968.

Contributions to Christmas Seals also help the Tuberculosis and Health Society fight asthma and hay fever as well as air pollution and cigarette smoking.

Anyone who has not received Christmas Seals may obtain them by calling WO 1-4520.

The Letter Box

TO THE EDITOR:

Thanks to an anonymous tipster - whoever you are - Thanks; I can now tell you about ANOTHER PROPOSED TRAILER PARK.

In the 11-12-69 edition of this paper there appeared on page ten of section A, a notice of public hearing on amendment of a re-zoning ordinance No. 65-86 of the City of Belleville. This notice states the reason for the meeting is to revise the zoning map to include the newly annexed lands into the City of Belleville.

The deceptive thing about this rather obviously dull notice is that further down there appears a small paragraph concerning a parcel of land (31.06 acres) to be rezoned to a B-3 classification. This means another trailer park.

THE PEOPLE requesting this rezoning have already started their plans to build that park. This park, also located on Sumpter Road, is in addition to the two new

parks already being considered in our school district. When will this stop? If our politicians have their way - never!

To notify us about a proposed zoning change on a parcel of land in Sec. 27, T. 35, R. 8E Means nothing to me because I don't own a zoning map - Do you? This is the method by which our local governments mean to keep us uninformed.

Two requests have been made to the Van Buren Township Board of Trustees to include a map in these notices showing the location of the lands to be rezoned. These requests have been denied. The citizens of our communities have a right to know what exact lands are being rezoned and for what purposes these lands are to be used. A responsible government would make known what lands are being considered for rezoning without the average citizen having to be a "Philadelphia Lawyer" to understand the notices in the paper.

Observance Day is Due

Casualties in war are tragic - and unpreventable. But most casualties at home are useless and could be prevented. Highway casualties are far higher in number than those of war - consequently more fatalities occur. Americans should declare a national

Observance Day in memory of Americans killed in driving.

It would not only honor those who died in vain on our highways, but it would help remind more of us to drive with greater care and demand the same from others.

So Much To Be Thankful For

ALWAYS ONE of the nicest holidays of the year, Thanksgiving seems to be the time to really take stock of the past year's blessings—the fact that a family is once again re-united in its entirety has been at the top of our own special 'Thanks a lot, God' list. Having wonderful folks who care enough to gather the family together (noisy as we all are) makes us especially proud and thankful. My own little clan (we're the Bert Smiths, Luanne, Susie, and Carol) followed a tradition of some 19 years standing by joining Bert's folks, the Alonzo Smiths of McKean Road, for their one o'clock turkey spread. All of us with the exception of sister, Pat, her hubby, S/Sgt. Don Freitag, and their two, Mitchell and Cindy, who are based with the U.S. Air Force in Anchorage, Alaska, were on hand for the afternoon festivities.

Turkey Talk 'Round Town

OUT AT the W. Huron River Drive home of the Donovan Partridges there was a huge turkey for Don to carve and lots of those holiday specialties of Lillian's to pass around the table. Their guests for three o'clock dinner were their daughter and son-in-law Cheryl and Dave Bernhardt and son, Jeff, of Ypsilanti; Dave's parents and brother, Roger, Ree, and Dale Bernhardt, of Denton; Mrs. Lillie Bernhardt; and good friends, Marge Roberts (whose pilot hubby, John, was off on a flight); her daughter, Vicki Barnett (Mike being across the globe with the U.S. Marines in Vietnam) and her little cutie, 11-month old Liisa. Lending a big hand to the preparations was the Partridge's daughter, Barb.

Missing from the family picture this year was their son, Greg, who left November 18 for duty with the Navy in San Diego, California.

THE FAY FERGUSONS of Judd Road played host at a one o'clock Thanksgiving Day dinner and had all the members of their family seated at their table. Included in the gathering were Roger and Diane Ferguson with son, Leslie, and twins, Shawn and Shari, of Crandell Court; Richard and Barbara Ferguson and daughter, Terri, of Sharon Court; Robert Ferguson and daughter, Donna, of Mott Road (Mrs. F. had to work); and daughter, Marie. The grownups kept the kiddies subdued for a while by letting them fashion animals out of big puffy marshmallows...FRANK AND PAT Korgal, of Spencer Street, had the 'newlyweds', Jack and Rosemary Loria, (their son-in-law and daughter) of Ypsilanti as their dinner guests on the holiday. Also home for the week-end was

Roesers Host Farm Bureau

The Friendly Neighbors Group of the Farm Bureau met at the home of Mr. and Mrs. Elmer Roeser on Ecorse Road on Wednesday evening, Nov. 19, with nine members present.

The topic for discussion was, "Unionization of Farm Labor." Several local problems were also discussed.

A lunch and social hour followed the meeting.

MISS ROUSTER

December 13 Is Their Altar Date

Denise Elizabeth Rouster, of Belleville, and Dennis Smylie, of Detroit, are engaged and planning a December 13 wedding. Announcement of the betrothal comes from the bride-elect's parents, Mrs. Lois Rouster, of 13664 Lenmore Road, Belleville, and LeRoy Rouster, of 714 Oswego Street, Ypsilanti.

A 1968 graduate of Belleville High School, Miss Rouster is employed at Feblo, Inc., Livonia.

Her fiancé, son of Mr. and Mrs. Robert Smylie, of 5884 Auburn, Detroit, graduated in 1965 from Cody High School. He is currently a student at Detroit College of Business where he will receive his degree in accounting next June. He is also an employee of Cadillac Motor Car Division.

St. Anthony's Catholic Church is being reserved for their upcoming wedding.

Auxiliary Bazaar

NEW BOSTON--The Huron Township's Jaycee Auxiliary is having a Christmas Bazaar at the Hannan Road School.

The children will be able to purchase Christmas gifts for their moms. The gifts will be priced at \$1 or less.

The bazaar will be held during the lunch hour on Monday, Dec. 15. So come on Mothers, let the children surprise you.

their son, Richard, who's a freshman at Western Michigan University, in Kalamazoo...INVITED TO join Ed and Mary Ann Hudge and their two daughter, Nancy and Nora, for turkey dinner at their Haggerty Road home were Bill and Flo Hudge and their trio, Mike, Judy, and Cindy.

Full Day For Jahrs

THERE'S ALWAYS lots of activity at the Thurston Jahrs Harmony Lane home and Thanksgiving Day was no exception. Starting at eleven in the morning, they entertained at brunch and invited their neighbor, Gene Rhodes, to join them. Gene was 'batching' it since Erma was off in Hopewell, New Jersey to see their daughter and son-in-law, Chris and Tom Craig, for the week-end.

Others in at mid-morning were their son and daughter-in-law, Jeff and Pat Jahrs from Westland (who were going onto dinner with her parents, the James Callisons in Dearborn) and also Thurston's sister, Miss Elaine Jahrs of Dearborn who, on leaving Belleville, motored to Ann Arbor for dinner with relatives; and the remaining Jahrs at home, Jonathon.

For dinner Thurston, Marge and Jon joined the Rekshan clan (Dr. and Mrs. W. E., of North Shore Drive) for cocktails and five o'clock dinner at the Town Club in Ann Arbor. Reservations also included Peter and Marie Rekshan, of Belleville; Jim Rekshan, home from classes at Western Michigan University; and Bill Rekshan, taking time out from studies at the Detroit College of Law.

Joining the Jahrs for the week-end were their son-in-law and daughter, Mike and Mary Spencer, and their wee one, baby Jennifer, from E. Lansing.

'Hello' To Hawaii

A LONG, LONG distance call to their daughter and son-in-law, Judy and John Drake, in Honolulu, Hawaii, highlighted the holiday for Joe and Virginia Krakowiak of E. Spencer Street. The chat followed turkey dinner with their son and daughter-in-law, Fred and Paula Dunayczan, and their two sons, David and Andrew, who were in from Kalamazoo to spend a couple of days. Son, Jerry, (better known as 'Bo') was also home from Michigan State for the long week-end.

Invited 'Out of Town'

PONTIAC WAS the destination last Thursday for the Marion Vaughn family, of Lilac Lane. Marion (who goes by his middle name, Bob), Marge, and the boys, David, Ted, and Eric, were dinner guests of her mother, Mrs. C.W. Oliver, -it being a 'first Thanksgiving' for the newest member of the clan, four-months old Eric.

Also driving in for the family get-together were Marge's sister and family, the Gary Nugents, Sandy and Diane, from Sterling Heights.

ALSO AWAY for the day were Frank and Marcy Ivan and their family, of E. Huron River Drive. Answering an invitation to Plymouth, they sat down to an early afternoon dinner with Marcy's sister and husband, Yvonne and Ray Deeds, and the girls' mother, Mrs. Gerard Memering, also of Belleville. During the afternoon the men took their sons, Richard and Greg Ivan, and Danny, Alan, and Doug Deeds, out for a bit of rabbit hunting and the nature trail bit.

THE HUMPHREYS of Ayres Road -- Melvin, Dorothy, and Todd--were over in nearby Willis to eat dinner with Mel's mother and dad, the Hollis Humphreys, and his grandfather, David Crawford, who makes his home there. Also included in the family gathering were Mel's brother, Art, his wife, Chris, and their son, Stephen, of Ypsilanti.

DINNER IN Trenton was on the Thanksgiving calendar for the Joseph Sietz of Sumpter Road who were asked to join their son and daughter-in-law, Dick and Grace Sietz, for dinner.

Their daughter, Mary Anne, and her fiancé, Bill Emerson, (both week-ending it from 'State' and 'Central', respectively) made the Sietz family complete. Others seated at the table were Grace's parents, the Anthony Pernas, and her sister and husband, the James Buckleys, with their five children.

THERE WERE some 40 members of Justin Emerson's family who assembled in Flat Rock for turkey dinner at the home of the Andrew Bodarys who took their turn at entertaining (as per family custom) this season. Rick Emerson, a student at Michigan State, arrived home Wednesday night and joined his parents, Justy and Marge, at the gathering of the clan which also included relatives from Romulus, the Bernard Birds and their son, Jim. Others drove in from Saline, Mason, New Boston, and Flat Rock.

IT WAS a time for special rejoicing out at the Elwell Road home of the Arthur Shephards who had their son, Jim, home for the holiday for the first time in three years. Just recently released from the U.S. Army, Jim saw duty in

BEST-EVER BEANS

Dress up canned baked beans with slices of canned luncheon meat and sautéed onion slices sprinkled with paprika. Do this before baking in a casserole to heat the beans.

GO WESTERN, YOUNG HOUSEWIFE--For a taste treat reminiscent of the old western frontier days (and to get away from trying to dream up new ways to serve left-over turkey), go devilish with Deviled Beef Short Ribs. Seasoned coating mix for chicken gives these deviled ribs a flavorful even brown coating and seals in the good beef flavor. Your entire family is sure to enjoy this adventure in western eating and this rib-sticking meat dish will be a favorite.

Go Western With Short Ribs

Deviled Beef Short Ribs

- 2 tablespoons sugar
- 1/2 teaspoon dry mustard
- 1 tablespoon water
- 1 tablespoon lemon juice
- 1 teaspoon Worcestershire sauce
- 2 dashes Tabasco sauce
- 3 pounds beef short ribs
- 1 envelope seasoned coating mix for chicken -- original or mild flavor

Blend sugar, mustard, water, lemon juice, Worcestershire sauce, and Tabasco sauce together; use to moisten ribs. Then shake ribs in bag with seasoned coating mix, one at a time, as directed on package. Place in a shallow baking pan. Bake at 450 degrees for 35 to 40 minutes or until ribs are well browned on the outside and meat is rare or medium rare in center. Do not overcook or meat will be tough. Makes 6 servings.

Advices Planning on Vietnam Calls

Local residents were advised this week by Michigan Bell Telephone Company to plan ahead if they wish to talk during the coming holiday season to relatives or friends stationed in Vietnam.

"It is generally easier for a serviceman to call home than for his family to try reaching him in Vietnam," said Edward H. McNamara, manager here for the company. "And to avoid disappointments, servicemen are encouraged to notify their families in advance if they expect to telephone home, particularly during the holidays."

More than 42,000 calls were completed between the United States and Vietnam last year, most of the calls were made from Vietnam rather than the U.S. because of the difficulty in locating servicemen when calls come in from the States, McNamara said.

"THE HEAVY concentration of so many troops in a small country at war creates some real communications problems," he added. "Service is still not what we would like it to be but it has been improved substantially in recent years." Travel restrictions and curfews in Saigon complicate the task of locating

servicemen to take telephone calls. For this reason, when a call is made to Saigon it is important for the caller to have the serviceman's unit, his APO number and, if possible, a telephone number where he can be reached.

Until 1967, servicemen could call home only from Saigon. Calls now can be placed from hospitals and bases in Ton Son Nhut, Long Binh, Cam Rahn Bay, Nha Trang, Qui Nhon and Da Nang.

U.S. callers, however, can reach only telephones in Saigon and the immediate vicinity.

THE SPEED of handling a call to Vietnam depends on the volume of calls pending at the time and the availability of the serviceman in Vietnam. Calls between the U.S. and Vietnam average about 350 a day, but this figure is expected to increase during the holiday season.

Calls originating in Vietnam are handled "first come, first served" at various telephone centers operated for servicemen. But when a serviceman does get to a telephone, it is usually just a few minutes before his call is completed to the States. Saigon is 13 hours ahead of Eastern Standard Time.

In 1965, communications facilities in Vietnam permitted the completion of only 30 calls a day between

the two countries. Two commercial high frequency radio circuits were operated four hours a day.

THERE ARE now 10 circuits available for Vietnam service, and they generally are open 12 to 15 hours a day. The circuits go by ocean cable or satellite to Hong Kong and the rest of the way by high frequency radio.

The calling hours are not continuous because radio circuits between Saigon and Hong Kong are subject to interference several hours a day.

The first three minutes of a station-to-station call to

Vietnam is \$9. A person-to-person call costs \$12 for the first three minutes. Additional minute rates for both station and person calls is \$3.

'Voices From Home'

Members of the Armed Forces who will be away from home during the holiday season can receive a special greeting this year - a recording of personal wishes from their families.

Through the American Red Cross "Voices From Home" program, 15-minute tape recorded messages can be made free of charge by the families of servicemen and women stationed overseas or hospitalized.

The messages - made by parents, grandparents, brothers, sisters, spouses and children - will be mailed at Red Cross expense. Foreign exchange students and families of Peace Corps members may also record, but they will have to mail the tapes themselves.

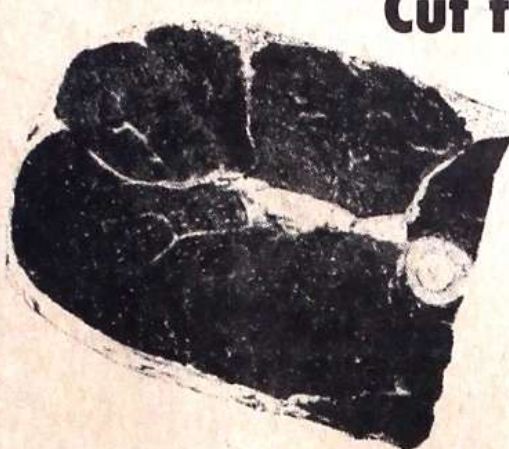

RED CROSS Field Directors at military bases and hospitals will help locate the necessary tape-playing equipment so the servicemen can listen to his family's message in private.

Arborland Merchants Pool Assists Hospital

ANN ARBOR-The Arborland Merchants Association has sponsored the coin pool in the mall at Arborland Shopping Center since its opening.

The coins that are tossed in the pool are collected twice weekly by Joe Cleine of the Arborland staff.

Larry Robar, in charge of Arborland services, cleans the coins in a washing machine before being rolled and banked.

EXCEPT FOR occasional raids of teenagers, all of the proceeds are divided between the Washtenaw County Association for Retarded Children and Ypsilanti State Hospital.

Dr. Alexander P. Dukay, superintendent of the hospital received a check today for \$125 from Larry Robar, who originated the idea eight years ago.

This donation will be deposited into the Patient Benefit Fund and then used to make Christmas a more pleasant and more joyous occasion for the many

patients who will be unable to go home for the holidays.

We are very appreciative of the Arborland Merchants in their support of Ypsilanti State Hospital and to the countless persons who donated coins to the pool and to the mental health effort.

Americans in South Vietnam were quick to notice that the natives avoid looking a person in the eye when carrying on a conversation. The natives believe it is not polite to stare at a person.

PTA's First Hayride, And Dance is Success

ROMULUS-It was a cold night and snow was flying when 22 couples met at the Kind farm for the first annual Merriman PTA Hayride and Square Dance.

Two wagon loads of young people complete with hay and a bawdy team of horses embarked on a nostalgic jaunt into the past.

Following the hayride they returned to Harrison School where they were greeted by fall decorations of scarecrows, pumpkins and corn shocks. A decorated table was loaded with food.

There was a drawing for prizes: the Burt LeClair family enjoyed the 18-pound turkey they won. Other prizes included two gas fill-ups, tumblers, car polish and beauty products.

"We just had a wonderful time", said Mrs. Judi Robbins, who with Mrs. Pat Reid, was co-chairman of the event. "Mr. McConeghy doesn't know it yet, but we're going to make it an annual event."

ACCEPTED As presented
DATE 11-11-69

Board members present were: Stoelton, Hogan, Hink, Birk, Domicik, Maton, Deputy Clerk Pence; also, Attorney Hopson, Engineer Levine, Secretary Brown and 10 citizens. Absent was Clerk Payne.

A correspondence from the City of Lincoln Park regarding senior citizen tax exemptions was received and filed.

A letter from the Wayne County Department of Health was read and required no action from the Board. The correspondence was directed to the township officials as notification of the intention of Detroit Edison to connect into our sewer system servicing Edison Point primarily during the summer months.

Supervisor Stoelton was appointed to represent Van Buren Township; Mr. Hink will be the alternate representative of the township. At the meeting it was decided that there would be five training sessions of the Task Force.

Judge James Stone of the 34th District Court was present to explain the budget increase, due mainly to the addition of Blue Cross coverage for the employees working in the court, wage, increases for secretaries and court clerks in order to compete with industry, etc. in the area, as well as hiring of temporary employees to handle special projects in the court. Each community will contribute based upon the percentage of cases from their area. A motion made by Hogan, supported by Birk, that we agree with Judge Stone's recommendation on the budget for the coming year for the 34th District Court. Motion carried unanimously.

Judge Stone also informed the Board members that he is one of seven members of the Wayne County Credit Union Board of Directors. The Credit Union is a state chartered organization and since there are too few township employees in Van Buren to have their own credit union, he invited Van Buren Township employees to join the Wayne County Credit Union, if they so desire. Mr. Stoelton mentioned that he will present the benefits of the credit union to the township employees within the next week through one of their representatives.

Quality Construction directed a letter to the township in regard to street lighting in their subdivision. Board members were in full agreement with the proposal;

Food For Thought

The war against poverty and deprivation begins at home but it must not end there. We live at a time when the ability to transform the world is only limited by faintness of heart or narrowness of vision." - From the report of the Commission on International Development. "The CARE Food Crusade will help feed 35,000,000 people, in 36 countries from Latin America to Africa and Asia, during the coming year. Funds are needed to deliver the 6,650,000 food packages at \$1 per package, in the name of the American people."

Letter from CARE. As Christmas nears, take time to ponder those messages. For Americans with the heart to reach even beyond our borders, and the vision to help build the kind of world that will be better for all of us, CARE offers a direct way to express the holiday spirit of compassion and goodwill for all mankind.

The Food Crusade is the Largest CARE program requiring public support. Combined with the agency's self-help and medical programs, it seeks to give hungry people the health and energy, the education and skills to feed and support themselves in the future. Malnourished children, distressed families, war victims will benefit from your gifts. You can mail your check to CARE.

the cost of the lighting would be shown on their tax statement. Mr. Stoelton stated that he would get a plat plan from Quality Construction.

A motion by Birk, supported by Domicik, that we authorize Detroit Edison to install 250 Watt Mercury lights at Columbia and High, and Sumpter and Owen. Motion carried.

Lenore Seymour submitted a list of damages to her property recently incurred by Greenfield Construction Company amount approximately \$800.00 for the restoration of shrubs, plants, driveway repair, etc. She will be asked to initiate a claim directed to Greenfield Construction so that they in turn can submit the claim to their insurance company, Sterling and Clark Agency.

The Water and Sewer Commission had asked for quotes on water meters. Rockwell had offered their meter at 2 cents less than the meter we are presently using. We have 400 homes under construction on Haggerty Road which would be a good test site for such a meter. The reading of the Rockwell Remote Reader Meter is the simplest of any meter they received quotes on. The recommendation of the water commission is that we purchase 200 of the Rockwell Meter and 200 of others provided the companies will remove the meters if we have any trouble with them and refund our money. A motion by Hink, supported by Domicik, that we concur with the Water Commission recommendation. Carried unanimously.

A motion by Birk, supported by Domicik, that we accept the Fire Department Report as presented. Carried unanimously.

Motion made by Maton, supported by Domicik, that we accept the Building Department Report as presented. Carried unanimously.

Motion by Domicik, support Maton, that we accept the Dog Warden Report as presented. Motion carried.

A motion by Hogan, supported by Hink, that the Supervisor direct the well driller to proceed with drilling for a new well at the dog pond. Motion carried.

A motion made by Maton, supported by Domicik, that we sign the petition for the City of Belleville annexation certification after correction. Motion carried.

Motion by Domicik, supported by Hogan, that we pay the bills as per vouchers. Motion carried.

A motion made by Hink, supported by Maton, to adjourn. Motion carried and the meeting adjourned at 10:00 PM.

attend half-day in their own school system and spend the other half-day at their desired Vocational class.

The Skill Center is used in the evenings for Adult Education classes, serving about 500 adults per week. Tuition is charged for adults in the classes.

IN THE evening after dinner a group discussion on appropriate procedures to

initiate a Community School Program in local school districts were discussed. At Huron, a start has been made in the way of Adult Education courses.

Many more programs can be initiated in the local schools, but it will take hard work, much planning and some sacrifice on the communities part to realize a Community School Program in the Huron School District.

Jail Term Given Violator

ROMULUS-A prison sentence of two to 10 years in the state prison at Jackson was meted out last week to Earl Herbert Doane, Sr., 41, of 14436 Cogswell Road, for violation of state narcotic laws.

Mrs. Phyllis Eilene Doane,

Seek Drug Counselors

College graduates with advanced degrees have an opportunity to join the front-line battle against drug addiction.

Rehabilitation counselors are being recruited for the expanding narcotics addicts rehabilitation programs operated in Detroit and greater Wayne County by the County Department of Health.

The pay range is \$10,500 to \$11,400, plus a periodic cost-of-living bonus. The June, 1969 cost-of-living payment was at the rate of 26 cents an hour-\$540 a year.

Candidates must have a master's degree and be under the age of 60.

For applications or information, contact the Wayne County Civil Service Commission, 628 City-County Building, Detroit, Michigan 48226; Phone 224-5921.

38, wife of Earl, similarly charged, was placed on four years probation and ordered to pay \$500 court costs and \$100 fine.

Wayne County Circuit Court Judge Nathan Kaufman imposed the penalties following their conviction on charges of possession and control of narcotics.

THEIR SON, Raymond Henry Doane, was permitted by the court to plead guilty to an attempt sale and possession of narcotics. He was to be sentenced on Jan. 19, 1970 following a probation department investigation.

The trio was arrested in a raid staged by State Police, Wayne County Sheriff deputies and Romulus police officers last April 18, Police Chief Jacob J. Koch, reported.

VB Board Actions

BELLEVILLE-The Van Buren Township Board has announced the appointments of two to the Board of Canvassers.

Renamed to four-year terms were: Mrs. Anna Regalle, of 45311 Harmony Lane; and Mrs. Ivy L. Dahl, of 46795 Denton Road. Both of their present terms expire Dec. 31.

In other actions, the Board accepted the resignation of Mrs. Dorothy L. Brown of 45721 Ecorse Road, as secretary to both the Township Board and Water and Sewer Commission.

MRS. BROWN, who is employed full time by General Motors wants to spend more time with her children.

Sergeant John R. Willet, of 41124 Savage Road, member of the Township Police Department, received

approval to attend a Police Meeting to be held at the Kellogg Center, Battle Creek on Jan. 12, 13, and 14.

The Board was informed by Supervisor Edward C. Stoelton that his request to the Wayne County Road Commission for the paving of a section of Martinsville Road

had been rejected at least at this time.

THE PAVING was for a section between Savage Road and Huron River Drive. A shortage of road paving funds brought about a tentative rejection. Stoelton was told by the commission.

VA Issues Reminder

The Veterans Administration has issued a reminder to veterans and widows who receive pensions and to parents receiving compensation to be sure and return income questionnaire enclosed with the November 1 dated checks.

C. L. Chapman, VA Contact Representative with office located at the Ann Arbor VA Hospital, advises that VA benefits are paid to war veterans with limited income who are totally disabled for reasons not related to military service and to their widows, and to certain other dependents of veterans who meet income limitations.

Where benefits are based on income, the VA, by law, cannot make payments unless it receives the questionnaire containing the estimated income for next year.

Some 2,000,000 have received questionnaires. Veterans and dependents who have questions are invited to contact their local VA office.

For further information, call Ann Arbor Veterans Administration Hospital, 663-8541.

The investor-owned electric utility industry is now engaged in over 100 environmental studies on water problems, according to a survey announced by the Edison Electric Institute. The projects are carried on by companies throughout the country and many of them are studies of the effect of water temperatures on fish and other aquatic life. The companies are working with colleges, universities and independent research organizations on the projects.

COACH COURT
"We're Contenders"

This Could Be Year of the Huron

WASILEWSKI SCORES 24 IN OPENER

There's no denying it. This is the Year of the Huron.

Coach Dave Court's Chiefs opened up the 1969 cage campaign with a onesided 74-46 nonleague victory over Toledo to start the ball rolling.

At the end of the Huron Conference trial, Coach Court and the Chiefs feel that they could find their first league championship.

And with All-Area, All-State center, 6-7 senior Rick Wasilewski back in the

lineup, and with a big helping of other leftovers, including guard Butch Suemnick, Randy Gorham, Don Mittlestat, Joe Richert and Dennis Krzeminski, few will be in a position to dispute Court's cage authority this season.

Wasilewski drilled in 24 points in his debut, despite playing less than three quarters. He hit on seven of his field goals and added 10 more from the free throw line to lead the Chiefs against Toledo Spencer.

Also in double figures was

Suemnick who drilled in 15. Mittlestat counted eight while Gorham, Richert and Krzeminski added six.

In the limelight for his defensive feats also was Gorham who sparked with his numerous steals, putting

pressure on the Toledo quintet from almost everywhere.

The Chiefs are still plagued, however, by poor foul shooting as they sank 18 of 31 attempts.

Huron fiddled around the

first quarter (13-8) and then leaped ahead 38-24 at halftime before piling up a comfortable 57-34 three quarter lead.

The Chiefs were never seriously challenged after the first quarter.

Using a "high-low post", with Mittlestat, a 6-6 junior at the low post, Huron had control of both the defensive as well as offensive boards.

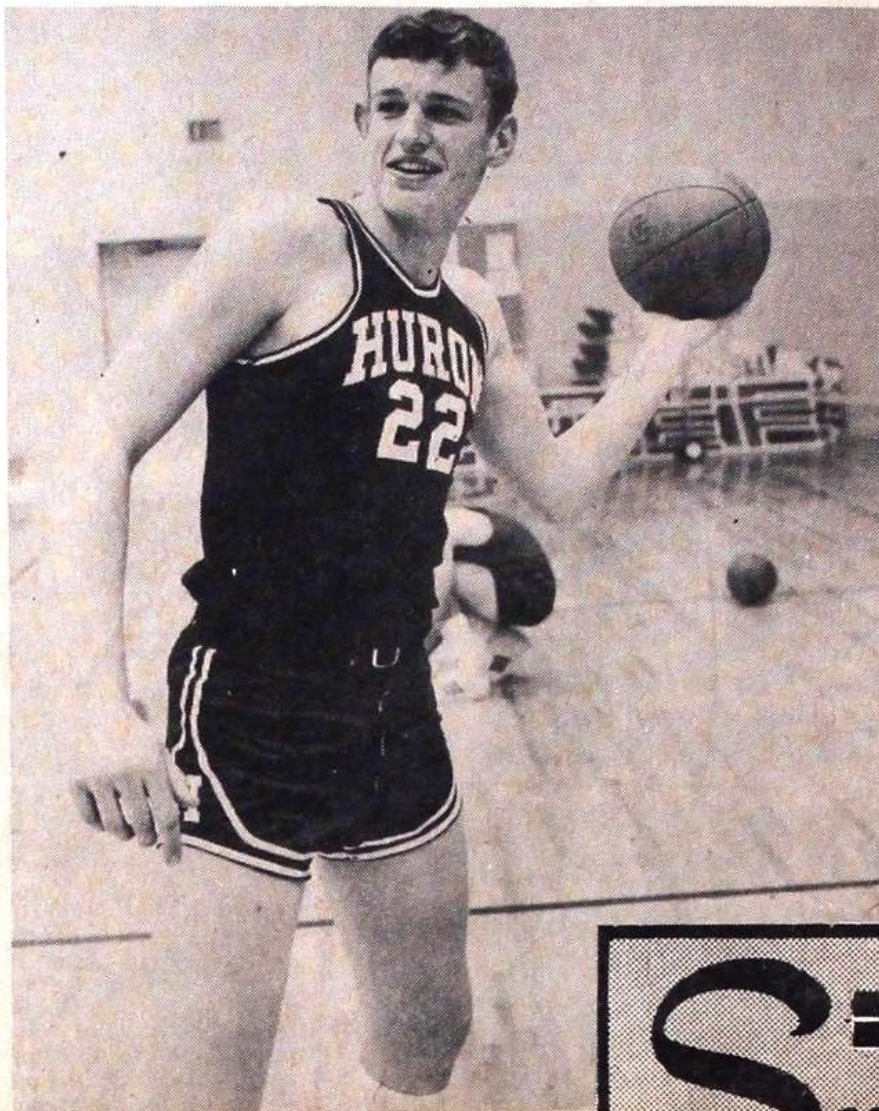

"I expect to finish near the top of the league this season," said Coach Court who entered his fourth season ahead strategist for the Chiefs. Huron has had only one winning cage season in its 16 years of existence. The Chiefs wound up with a 8-10 ratio last year.

With a solid core of veterans, Coach Court also feels "that we could be serious contenders if we play defense." Defense has been the Chief forte and, after polishing off Toledo the way they did, it appears they haven't lost their touch.

But if Huron is to realize their title ambitions, they'll have to get around two serious obstacles — Flat Rock and Tecumseh, pre-season favorites to dethrone defending champ, Grosse Ile.

Only time will tell.

Last night, Huron got its first taste of conference competition, clashing with Carlson. They Chiefs play at Blissfield Friday night for their second league engagement.

HAPPY DAYS—No doubt about it, with All-Area pivotman Rick Wasilewski (6-6) back in the Huron lineup, the Chiefs and their fans should be enjoying their best season ever on the court. Huron launched the season last week with a lopsided nonleague win over Toledo Spencer.

COULD IT BE TRUE?

Tigers Team to Beat!

By JIM BRADLEY
ANP Sports Writer

Belleville and Livonia Bentley have been given the tag of "team to beat" this season by the basketball coaches in the Suburban Six.

Allen Gates' Tigers are

given the nod mainly on the strength of their pair of experienced guards Garrade Pettus and Dick Wenzel. Bentley is highly rated because the Bulldogs always have a fine squad with plenty of hustle. Added to this, the Green and White only lost one game on the junior varsity level last year and they have a 6-9 center to control the boards for coach Ken Timmons.

Plymouth won the league title last year, with Redford Union, Bentley, Allen Park and Belleville (tied for fourth) and Trenton following in that order.

This year there should be a definite shake-up of that outcome. Rated right behind Belleville and Bentley in early season prognostications are Redford Union, Allen Park, Plymouth and Trenton. And not necessarily in that order.

R. U. Panthers, strengthened by the return of about eight letterman, should again be tough. Gary Bevington at 6-3 will lead the attack at his forward post or maybe moved to the center position. Redford had a great junior varsity team last year and many from that squad are expected to push hard for starting jobs on the varsity.

Plymouth, Allen Park and Trenton fall into the class of "unknown quality." The Rocks lost four starters from their championship quintet of last season. Pat Cunningham, a stellar guard, is the only returner but he is a standout who should help solve many of coach Dick Bearup's play-making problems. Teammate Charley Wolfe was highly praised by Belleville's

coach Al Gates as being a real comer.

Allen Park has no height to speak of and also lost most of last year's team. Guards Feezy and Dale Cabauton should be the spark of rookie coach Mike O'Hara's Jaguars.

Dick Blanz's hopes of a winning season at Trenton, and escaping the league basement, ride on the shoulders of talented 6-3 all sports star Jim Grace and a

Panel Back on Job

With a touch of apprehension, the learned "Panel of Experts" turned its talent from predicting the outcome of football games to that of high school basketball this week.

There was, however, a realignment in the Panel as Fred Hodges, the winner of the football forecasts, was cast out of the Panel.

"He's too good," noted ANP Sports Editor Tom Mooradian. "He beat me and we can't have that, can we?"

Some of us feel, moreover, that Hodges wanted out because he was offered a more lucrative job, replacing that chronic loser, Charley Buck.

Back on the Panel are Bert Osterberg, manager of the Belleville Enterprise and Romulus Roman; Dann Burkume, Wayne Eagle (Continued on 2nd Sports)

ENIGMATIC SMILE—Flashing an enigmatic smile is Belleville Head cage coach Allen Gates who may just have the nuggets to cash in for a winning season — something the Tiger quintet has failed to do in quite some time. The sophomore Belleville coach opens up the 1969 campaign at home to nonleague rival Wayne Memorial Friday night.

Keep Eyes on Romulus

EAGLES HEADING UP

By Jim Bradley
ANP Sports Writer

Three returning starters and a wealth of backboard strength is expected to lead Romulus High School to one of its finest seasons ever. At least that is the judgment of

coach Al Duva who is entering his seventh year as mentor of the Eagles.

"We'll be very strong on the boards and our "bread and butter" play this year should be our second and third shots after getting the rebounds,"

Duva said Monday morning as he readied his squad to go against Livonia Franklin last night.

"We are also pretty quick for a tall team and will combine a fast break with changing defenses. I think Romulus will win quite a few ballgames this year, and if things break right, we could have an outstanding season," the enthused mentor added.

Charles Johnican. Johnican, who goes 6-foot-1, is probably the best all around player on the squad, according to coach Duva. He does everything well — shoot, set up plays, strong on defense and even good at rebounding despite his lack of height.

The fifth starter will be Don Halimon, 1 6-3 senior, whose brother, Shaler, played for Romulus about six years ago and has just been traded to the Chicago Bulls in the NBA. Duva says Don has all the ability of his older brother, but says it is a matter of Don putting forth the extra effort Shaler did to make the big leagues of basketball.

Waynard Shreve, 6-2 senior forward or guard, is the sixth man and Brian Shockley, a transfer student from Toledo, (6-1 guard) is also battling for a starting berth. Rod Leake (6-1 junior guard), Gary Martin and Keith Simmons, both up third year varsity veteran,

Fighting For Santa

Maybe this is the week that was, but even those jolly Goodfellows are fighting amongst themselves. And, I can't say that I feel sorry for those kind-hearted fellows.

Usually around this time of the year you can see a Goodfellow standing at one of the more traffic-licking sections of the city, waving papers, and slipping a canister into the window car for donations.

But Willie C. Williams of Inkster has a better idea. He would rather fight for your donation.

So Willie, who's a member of the Inkster Jaycees, and five other groups including the Rotary, VFW, Elks Club and the Westwood Women's Club, got together and came up with the idea of sponsoring a Boxing Match to help assure that "No child is left out on Christmas."

"It's the first time we have tried anything like this said Williams, a former heavyweight boxer. "And if it works out O.K. we will continue to conduct these meets."

Willie said the card for the night, which is set for Dec. 8, isn't set as yet, but he expects "some of the boys who are members of the International Boxing Club to take part."

Willie and the others have set their sights on approximately \$3,000.

The fights will be held at Frazier Playland which is just across Inkster High School.

And tickets for adults will go at \$3.00.

For those prices don't expect to see Cassius Clay in the ring, but you sure will help bring a lot of smiles to little boys and girls on Christmas morning.

Some Belated News

As a sports editor I've been chewed out plenty in my time. And most of the time the guy or gal on the other side of the phone is right. He or she usually has a legitimate gripe or why else would he pick up the phone in the first place.

Sure, I'm kind of conditioned to all of this complaining — thanks to a very thoughtful wife.

But, (maybe because of old age) I'm beginning to wonder about people.

The other night one of the coaches in ANP land took a neat whack at me and it hurt. It was for something I didn't do.

I could skip the incident as just another incident, but I take pride in my work and if I (or you) knew of anyway to improve it, I'm all ears.

And I do admire this coach's opinion, therefore, I feel our dialogue should be aired, and maybe, it would help me get over my guilt feelings and also show you, dear reader, the road to getting coverage in a newspaper.

Naw, I'm not going to divulge any names or personalities, but I will say that he said, (A) that I have failed to give his team ample coverage; (B) and that when I did give him coverage, I erred numerously and (C) that he was so peeved off at me that he didn't even want to talk to me.

This is his prerogative.

Of course, I can sidestep the issue and come up with cliches such as "to err is human" or "whoever hasn't, let him be the first to cast the stone" and other sure "irascible coolers".

Or, I could take the offense, using the defense that I have a lot of work, that we're understaffed, that I'm a one-man sports department, etc., etc., and etc..

And, probably I would get a lot of sympathy and maybe even a pay raise.

We're Second Best

But the fact is that I had made some serious boo-boos and this coach had collected the data and was able to recall them readily.

How could I deny it?

To deny what one wrote or did once it gets into print is a difficult, if not an impossible feat. Once in black-and-white, the spot remains for present and future generations to read.

No retraction or correction ever served its purpose.

IN BASKETBALL

The 'Year of the Tigers!'

BY JIM BRADLEY
ANP Sports Writer

"I think this is our year to take it!"

With those words Belleville basketball coach Al Gates set the tone for the coming season. "We're stronger than last year, have two veteran guards and I see no reason why we can't win the Suburban Six League title."

Romulus

(Continued from 1st Sports)

from the Reserves, and Dennis Hobson, a transfer student from East Orange, N.J., round out the squad. Martin is a 6-3½ junior center, Simmons is a scrappy 5-11 junior guard and Hobson, 5-9 guard, is in his last year.

"The Twin Valley League is evenly matched this year and we have as good a shot at the title as anyone else," Duva said. "River Rouge, Willow Run and Ecorse are always tough, but if we hustle, I think we can win it all," he said.

Romulus goes up against Detroit All Saints this Saturday night at 8 p.m. at Holy Redeemer High. Vernor at Junction, Detroit, and Duva hopes for a big cheering section.

Belleville, who is rated as a co-favorite in the early ratings with Livonia Bentley, finished with a 4-6 league record last year. But Gates looks for much improvement this season and hopes to go all the way.

Sparking the Tigers' offense will be floor generals Dick Wenzel and Garrade Pettus, a pair of veteran guards. "I consider our backcourt pair the best in the league," Gates says. "They have the ability and experience to put us in the thick of the pennant race."

Jim Singleton will be at the center post and will have to leap his 6-foot-1 frame high to contend with his taller opponents. "Sing" played sparingly last year and will have to make up in hustle what he lacks in experience and height.

A couple of big boys will fill the forward slots. Rick Mussehl, who played first-string with the junior varsity last season, will combine his 6-5 frame with 6-foot-4 Tom Brown to give the Tigers good size up front. Their main difficulty will be lack of experience in varsity competition.

Gates feels these five players will give him a stronger unit than a year ago and isn't afraid to say his section.

boys will be battling for the conference crown.

With last year's champion, Plymouth, losing four of their starters they will probably plummet to the second division. Bentley tied Redford Union with a 6-4 mark last year and a slice of second place. Both clubs had dynamic JV squads and are expected to be near the top when the final whistle blows in spring.

Highly-touted 6-foot-6 senior, Joe Clayborn, a transfer from Willow Run will not be eligible until the second semester, but coach Gates is very high on him. Also assisting the team will be 6-2 sophomore Tony Ogletree who suffered an injured leg during football season. He should be ready to play in a couple of weeks.

Rounding out the Belleville roster are 5-11 junior guard Bob Lytle, a JV'er last year; juniors Steve Billings (5-9 guard) and Dennis Moore (6-1 forward); and sophomores Mike Garland, a good shooting 5-11 guard; Marty Miller, also a guard, and 6-2 forward Ed Branam.

YPSILANTI — More than 140 women from across the State received the latest instructional information at Michigan's Second Institute on Girls' Sports at Eastern Michigan University last week. The institute was part of a national program to improve the skills of girls in sports.

The participants were teachers and coaches from high schools, colleges, park and recreation departments, YMCA, and other women professionally involved in teaching women's sports.

Each participant received 20 hours of planned instruction and activities to increase her teaching knowledge and skills in training, conditioning, and skill progressions.

INFORMATION WAS presented on basketball, volleyball, competitive swimming and diving, track and field, and gymnastics. Each participant was concerned with one sport.

Most of the instructors for the institute were players and coaches from champion AAU and Olympic teams as well as from colleges and universities.

The participants in the State institute are expected to conduct similar programs on the local or regional level.

TEACHING METHODS included the use of video-taping. They were able to watch themselves immediately after completing a back walkover in gymnastics or butterfly strokes in swimming.

The institute was sponsored by the Michigan Division for Girls' and Women's Sports and Eastern Michigan University.

Co-chairmen of the program were Geraldine Barnes and Constance Riopelle, assistant professors at Eastern.

The Sports Meridian

(Continued from 1st Sports)

What I can't understand is why did this coach wait so long to reveal this erroneous information? Did he think he would hurt my feelings or maybe lose my job?

I have always felt that when one errs-whomever it may be, he should be informed immediately. I know some people, and Agnew too, fear the power of the press.

Newspapers DO have an awesome power and sometimes this power is delegated into the hands of inept personnel but, as the press in a free society should protect the interests of the people, the people, on the other hand, have an obligation to police the press.

It's a check-and-balance system, isn't it?

No publisher, in his right mind, will keep an inept editorial department.

To tolerate poor journalism would be inviting disaster and competition from others into the domain.

If the readership puts demands on the writers for good, accurate reporting, it will get it (believe it or not)—or that newspaper's days are numbered.

I gotta admit this coach knocked me for a loop. It sure hurts to learn that I'm no longer the greatest sports writer in the world.

Now that I'm the second best, I'll just have to try harder.

Supervisors Start Study On Crowded County Jail

Faced with history's highest prisoner population, the Wayne County Board of Supervisors is studying the staffing needs of the County Jail.

The study is being conducted by the supervisors law enforcement and public safety committee, headed by Ralph Patrick Turco, of Westland, D-District 25.

"We have a crisis on our hands and we can't afford to overlook any possibility for solving it," Turco declared following a Nov. 26 meeting of his committee.

THE COMMITTEE learned that the jail population had reached 1,637, the highest figure in history. With a designed capacity of 1,200, the jail has some 400 prisoners sleeping on floors while awaiting trial.

Turco's committee plans to schedule a meeting with three consulting organizations that have been participating in an over-all study of the Sheriff's department. These are the Michigan and National Councils on Crime and Delinquency, and the Citizens Research Council of Michigan.

The study was ordered by the Board of Supervisors after the board granted a request by Sheriff Roman S. Gribbs that eight temporary jail guards be retained indefinitely beyond Nov. 30, the date they were due to be dropped from the payroll.

TURCO'S COMMITTEE also requested an analysis from the County Board of Auditors regarding 51,197 hours of unpaid overtime and holiday time accumulated over many years in the Sheriff's department. The matter came up when union spokesmen for jail employees complained about not getting paid for overtime.

Members of the Turco committee are: William L. Dunbar, Detroit, D-District 10, vice chairman; Michael J. Novak, Detroit, D-District 1; Carl D. Pursell, Plymouth, R-District 26; Eugene A. Sikora, Detroit, D-District 7; Jerome A. Szymanski, Detroit, D-District 6; and Robert L. Tripp, Lincoln Park, D-District 22.

"Instant housing" will become available soon to many Michigan families of low to moderate means, who are forced to move from their homes because of government construction projects.

Under an agreement between the Department of State Highways and the State Housing Development Authority, suitable homes in the path of new highways will be made available through non-profit groups for resale to the families.

It is believed that Michigan

is the first state to offer such a service.

State Highway Director Henrik E. Stafseth said he is optimistic that the program will help solve one of the biggest problems facing the highway industry, that of providing low to moderate income housing for relocation purposes.

THE ALTERNATIVE for these families is to buy homes on the open market, or to live in sub-standard housing," he said. "Because they don't have the necessary financial

means, most of these families end up with sub-standard conditions."

Cullin Dubose, project coordinator for the Housing Authority, said the program is designed to provide safe, decent and sanitary housing at a portion of the price these families would have to pay on the open market.

The term "instant housing" stems from the fact that it will take only 90 days from the time a house becomes available until it is occupied.

In the initial project, 15 homes in the path of Interstate 696 north of Detroit will be moved to Royal Oak Township in Oakland County, to land cleared for urban renewal.

A NON-PROFIT group will obtain the homes from the Highway Department at salvage value, and arrange to move the homes, upgrade them and sell them to families who qualify.

Purchase agreements will be tailored so that mortgage payments and taxes will total

not more than 20 per cent of a family's income. Interest on the mortgage will range from one per cent up to the FHA approved market, depending on income.

Development money will be available to the non-profit groups through the Housing Authority, which anticipates that the houses will be grabbed up fast as they become available.

The Authority is authorized by law to reserve houses and land for relocation of families. Some 80 non-profit groups are set up to process the housing.

Marilyn Bruckner, a co-op student; and Miss Barbara Cornell, local club advisor.

THE MAIN purpose of this convention was to elect the 1969-70 state officers of the Michigan Office Education Association.

During their stay from 1 p.m. Friday, until 1 p.m. Saturday, they attended congress meetings, listened to campaign speeches, heard a speaker from Detroit Business College and exchanged ideas with fellow members.

ART SHOW AT MERCY

A one man art show featuring the works of Damiano Catullo, distinguished Genoese artist, will be held in the Main Lounge of the Student Conference Center of Mercy College of Detroit.

Opening Sunday, Dec. 7, the display of 32 oil paintings will be open to the public through Dec. 21.

There will be an informal reception Sunday, Dec. 7, from 2

to 5 p.m. Daily hours of the exhibit will be 9 a.m. to 5 p.m. Sunday hours are from 2 p.m. to 5 p.m.

PANTRY SHELF SHOWER

The Women's Association of Goodwill Industries of Greater Detroit will hold its traditional Pantry Shelf Shower and Christmas Program on Wednesday, Dec. 10, in the Goodwill Building on Brush at East Grand Boulevard.

The program will be presented by Mrs. Arthur R. Schroeder of the Detroit Story League who will narrate stories appropriate to the season.

As she has for many years, Anne Campbell, a member of the Women's Association, has composed a poem reflecting the purpose of the Pantry Shelf Shower.

Each gift of money will be represented on the Christmas tree by a silver bell bearing the donor's name.

Preceding the program members of the organization and guests will be served a sandwich-desert luncheon at 12:15.

Meetings of the Women's Association are open to any interested person.

CRIME: A STUDY

The University of Michigan Television Center will present an investigation into the current rise of crime in America on "Understanding Our World," Sunday, Dec. 7, at 8:30 a.m. on Channel 7.

Host for the program is Professor Albert J. Reiss, Chairman of the U-M Sociology Department and Michigan State University's School of Police Administration.

The two sociologists will discuss what man should be capable of and willing to do to check the crime rate in the United States.

OP ARTISTRY

Julian Stanczak, whose one man show will run Wednesday, Dec. 3-Dec. 10, at London Arts Detroit Gallery, 321 Fisher Bldg., Detroit, is placed within the framework of important American "Op" artists.

The elusive space produced through overlappings and blending of regularized linear compositions produce an airy effect of objects seemingly folding and unfolding. The dazzle of bright color brings an especially decorative and sophisticated nuance to some of the almost "minimal" paintings.

For further information call 871-3606.

ANTIGONE AGONY

University of Detroit's Theatre 113 will present a modern adaptation of Sophocles' tragedy, "Antigone," beginning Thursday, Dec. 4. The classic will also be staged Dec. 5, 6, and 7 and Jan. 8-11 in the Ford Life-Science Bldg.

Adapted by Director Dominic Missimi, the classic play tells of the conflict that arises when authority is challenged. The play closely examines the struggle between tradition and change, and its message is potent and pertinent to contemporary times. The theme of new thought versus status quo is universal and reinforces the idea that basic elements of man do not change.

Curtain time is 8:30 p.m. with Sunday performances at 7:30 p.m. Tickets are \$2. Student tickets are \$1.50 except Saturday and pastboards are available at the Performing Arts Box Office in the Student Union on the U-D McNichols Rd. campus. Phone 342-1000, ext. 339 for reservations and groups ticket information.

New Orleans Is Still Tops In Jazz---But Not Theatre

BY HOWARD ALLEN
ANP AMUSEMENT CRITIC

NEW ORLEANS—The jazz is hot at Pete Fountain's and it's pure at the traditional Preservation Hall here. And in the French Quarter it's better to stick to Dixieland. The theater isn't much.

The quarter's sole theatrical venture, in a Bourbon Street back room, is the contemporary revenue, "The Fudgeripple Follies—Or Nobody Likes a Smart Ass." The humor is about on a level with the title, as subtle as a punch in the mouth.

An active trio on a mini-stage do a series of skits ostensibly and occasionally revolving around the theme of the first black astronauts.

None of the performers are black and while their Stepin Fetchit caricatures are not designed to offend the blacks, they will certainly offend theater buffs. The true target of the Fudgeripple Follies, President Nixon, would probably not be offended at all—he has certainly faced much sharper japes.

"Would you buy a used war from this man?" is a reasonable sample of the group's repartee. Or how about: "I found those birth control pills inconceivable." One of the actors, Butch Bennett, unbends for some ad libs with the audience at the finish; would that he were the whole show.

DETROIT—A second look at "La Strada," before it moves on to New York

heightens the conviction that it isn't going to make it. When a star walks out as Larry Kert did, you can read all you want to about a dispute as to how the show is going to be staged, with the reasonably firm conviction that Kert would still be around if he thought "La Strada" was going to make it.

Author Charles Peck, to be sure, is not going down without a fight. The show has been tightened and brought more sharply into focus and the unrealized character of Marita has been eliminated. Gone too is a superfluous ballet, the elimination of which theoretically was the reason for Kert's departure. The second time around, also, one or two of the songs seem to have a little sparkle although Lionel Bart's batting average is nowhere near his average in "Oliver."

But the basic problem of "La Strada" is still there. The audience simply isn't moved enough. There are a few

moments when the waif Gelsomina comes close to touching the audience, such as in the plaintive "Everything Needs Something." But most of the time—nothing. Especially is this true with the great lump of clay, the strong man Zampano.

Stephen Pearlman, on little notice, handled the role of Zampano adequately; the main faults in the performance lay not with the actor. Bernadette Peters is becoming more familiar with the role of Gelsomina.

Oh well. Back to the old drawing board.

The Hilberry Classic Theatre has added Moliere's "The Borgeis Gentleman" to its repertory. "Gentlemen" reads like a text book for a Moliere play, incorporating every device commonly used by France's greatest comic play wright.

As always, Moliere attacks human foolishness through

the medium of an absurd protagonist ensnared in his own wealth, his own vanity, his own health or whatever foible is the subject. In "Gentleman" Moliere focuses on an oft used theme, the man of cultural pretensions. Jourdain is nouveau riche, acquiring singing teachers, philosophy teachers, fencing teachers and what have you in his efforts to daub a veneer of sophistication over his plebeian background.

All the traditional Moliere elements are present from age relatives to saucy servants to love sick children and fawning connivers. The Turkish fantasy which concludes the foxing of Jourdain, however, is a more exotic climax than typical Moliere; Richard Speare's staging of it is highly colorful.

Jeffrey Tambor brings his usual exuberance to the title role; he remains by far the group's most accomplished actor. However, the overall rhythm is flawed and the pace occasionally lags too much. Moliere is such spun sugar that you can't have too much cement in the mix.

Paid The Bills
Plymouth Township trustees approved current bills of \$32,663.15 at last week's meeting.

The trustees ok'd payment of \$6,690.88 from the general fund, \$17,463.70 for water operation and \$8,509.10 from sewer operation.

Name Canvasser
Plymouth Township board of trustees has appointed Mrs. Virginia Larkin to the Plymouth Township board of canvassers. She will serve a four-year term which expires in 1973.

Mrs. Larkin lives at 45980 Ann Arbor Road. She is the Democratic appointee.
